

*I want to thank you for your great contribution to our "fallen" veterans. Our family's outlook on the struggles of our returning veterans changed drastically in January 2013. My nephew returned with PTSD and added to the statistics of those committing suicide. We were amazed when his story appeared in Time Magazine. If you are interested in reading it, "Google" Peter Linnerooth Time Magazine. Peter is buried at the Fort Snelling National Cemetery. However, your efforts at Camp Ripley honor all. Thank you again!*

*A Mothers Sorrow*
